

Prof. Minxin Huang

Name: Minxin Huang
Tel: +81-0551-63607317
Email: minxin@ustc.edu.cn

Positions held & Education

2012.9 -- present	Professor, USTC, Awarded the national "Young Thousand People" program in 2012.
2009.9 -- 2012.8	Project Researcher, Kavli IPMU, University of Tokyo
2007.9 -- 2009.8	Research Fellow, CERN
2004.9 -- 2007.8	Research Associate, University of Wisconsin, Madison
2000.9 -- 2004.7	Ph.D. , University of Pennsylvania
1995.9 -- 2000.7	B.Sc. , USTC

Areas of research

String theory and its application in related fields, including AdS/CFT, string cosmology, topological string theory, etc.

Recent research interests

The relationship between the topological string theory and the energy spectrum of quantum mechanics, topological string theory on the compact elliptic Calabi-Yau manifolds.
